Even a small star shines in the darkness

November 2007

## ANGELS CAMP RV & CAMPING RESORT

### RESORT NEWS

CAL TRANS has not completed our entry driveway – still working on the permitting.

However, there are several other exciting happenings at the Resort:

Angels Camp RV Solar Panels

We are **GREEN!** Our 68.23 KW acre of solar panels are all in place and should be operational this week.

People have joked that we should “tap into the Fairground’s solar power”— boy are they surprised to find this belongs to us!!

We have had front-page coverage in the local Newspaper twice lately for the newest edition to the Campground—our adopted EMU!

Sandra Dunlea, an avid bird lover and employee, cares for **BIG BIRD** in addition to several rescued Macaws. She is our resident caregiver.

Read the [entire newspaper article](#); and be sure to welcome our newsworthy camp member on your next visit!

Sandra, Sterly, Judy and BIG BIRD

And lastly, we have now planted almost 100 new trees on the property. They are all promoted as “fast growing” so hopefully will provide additional shade very quickly.

“This here is the very first tree t’ be planted—lookin’ purty good ‘n standin’ tall fer such a young’un!”

Sterly, Nate and Sandra
